TERMS AND CONDITIONS GOVERNING SALE

The lots listed in this catalogue will be offered and sold subject to the following terms and conditions:

1. The highest bidder acknowledged by the auctioneer shall be the buyer. In the event of any dispute between bidders, the auctioneer's determination shall be final.

2. New bidders who have not previously established credit must furnish satisfactory references well in advance of sale date, or send a deposit of 25% of their bids, applicable to purchases. Any portion of such deposit not used will be promptly refunded after sale. We reserve the right to require payment in full before delivery of merchandise.

3. We will execute your bids without charging a commission. These bids will be treated as limits. In general, we will start a lot at a small advance over the next to the highest bid. We can neither correct nor assume responsibility for any errors as to amount or lot numbers in bid sheets, so please recheck to make sure you have bid on the exact lots you want. We will not accept bids from minors.

4. California residents must pay state sales tax. Postage and insurance will be added to invoices for lots to be mailed to successful bidders. All lots are sent registered mail. Overseas buyers must furnish their own insurance.

5. All items in this sale are guaranteed genuine, and as described in the catalgoue. Claims to the contrary must be made within three days of receipt by the buyer. Lots may not be returned without our written permission. No lots purchased by floor buyers may be returned. Title remains with Superior Stamp & Coin Co., Inc., until invoices are paid in full.

6. Auction sales are strictly for cash and lots must be paid for immediately in U.S. funds.

7. Where estimates are given, they represent either the owner's idea of value or our professional opinion as to what they should bring. IN ANY EVENT, THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER. We recommend, however, if you want the lot, bid close to or over estimate. For some of the lots, we have indicated the number of known pieces and, in some cases, we have described certain coins as possibly the finest known. These descriptions are only the cataloguer's opinion, after much research.

8. The possibility exists that some lots could be misattributed and should this occur, mail bidders may return lots within three days of receipt. Floor bidders are urged to examine lots prior to bidding, since there are no return privileges for coins purchased on the floor.

Eleanor Barry (Houston's sister), A. Houston Barry, Dr. LeRoy Lowman, Al Martin

Dr. Charles LeRoy Lowman

Dr. Charles LeRoy Lowman (1879-1977), was the founder of Orthopaedic Hospital in Los Angeles. Having graduated from the Medical School of the University of Southern California in 1907, he opened a small outpatient clinic in 1909 which grew into the Orthopaedic Hospital-School, established in 1922.

As the first surgeon specializing in orthopaedics in Los Angeles, Dr. Lowman was first to develop a surgery which aids severely paralyzed patients to walk, the first to develop hydrogymnastics as an effective treatment, the first to stress preventive orthopaedic care and the first to offer help to physically handicapped children without regard to their ability to pay.

Dr. Lowman was a member and past officer of a number of medical and surgical associations and the author of eight volumes and a collection of papers on physical education and on physiotherapeutic and orthopaedic problems.

He received numerous honors and awards during his seventy years in medicine. In 1971 he was named "Doctor of the Century" by the Los Angeles County Medical Association and received the Presidential Medal of Freedom, the nation's highest civilian award, in 1974.

Augustus Houston Barry

Augustus Houston Barry (1890-1978) was a close friend of Dr. Lowman's. A real estate broker in Monterey Park for over fifty years, Mr. Barry, a life-long numismatist, also operated a number of small retail businesses, including a laundromat, which became a source of many of the coins for sale in this auction.

Mr. Barry met Dr. Lowman in the 1940's and became extremely interested in orthopaedic research. During his life-time he was a generous donor to Orthopaedic Hospital; and it was his wish that, when he died, his coin collection be sold to fund a fellowship for an Orthopaedic resident physician in the area of Pediatric Research at Orthopaedic Hospital.

Superior Stamp and Coin Co., Inc. is both honored and pleased to have been awarded the opportunity to conduct this important event. We have taken on this difficult task and accomplished this major sale with the knowledge that proceeds will benefit Orthopaedic Hospital.

Orthopaedic Hospital

As modern research changes the science of orthopaedics, Orthopaedic Hospital changes too. New materials, new procedures, new discoveries and new concepts provide the opportunity for the hospital to reshape its services to meet changing needs. Dedicated to providing the best specialized care for orthopaedic problems, Orthopaedic Hospital is constantly improving its facilities and expanding its services to incorporate modern methods.

Originally a clinic for children, Orthopaedic Hospital grew out of the need for a specialized hospital. Modern methods of treatment have extended the life expectancy of children with birth defects, and these children grow into adults who need specialized care. In striving to meet growing needs, the hospital has added services and programs for both children and adults during the past few years. This dedication to improvement is strengthened by the hospital's research efforts and teaching programs. Among the most recent programs added to existing services are: a new outpatient pain control center, the establishment of an amputee treatment center for children and adults, an adult fracture clinic and a research project to teach children with the birth defect, Spina Bifida, to attain an adulthood of independence.

A nuclear medicine department, equipped with modern scanning equipment for bone and soft tissue studies, opened in June. Construction has begun on new laboratories for histology and photomicrography. The new laboratories will not only support patient services, but will also be used to support the research activities in the USC/Orthopaedic Hospital Bone and Connective Tissue Research Program located at the hospital.

Orthopaedic Hospital is dedicated to improving the lives of the hospital's patients and to improving the lives of patients throughout the world. There is a constant challenge to discover and to provide new procedures, methods and materials. Orthopaedic Hospital is dedicated to meeting that challenge.

Los Angeles Orthopaedic Foundation

The Los Angeles Orthopaedic Foundation holds the Orthopaedic Hospital in trust for the community. It has been in existence since 1918 and is governed by the same board of trustees who govern the hospital. It is a charitable foundation that provides funds for the hospital's many programs.

The foundation's staff are responsible for raising these funds which provide vital services to our community. Last year over $5,000,000 in cash and in personal property was received. Since its inception, the Los Angeles Orthopaedic Foundation has received almost $100,000,000 in gifts from hundreds of thousands of individuals.

The foundation staff invites gifts in kind such as real property and tangible personal property. The latter includes coin and stamp collections, such as offered here, art, antiques, jewelry, and other items of value.

The professional staff at the foundation office provides consulting services to assist individuals in making such gifts to their best tax advantage. A charitable deduction frequently not only can be taken in the year that one makes a donation, but, depending upon the size of the gift, frequently can carry over as a tax deduction in subsequent years. In addition, such a living gift can create a reduction of estate and inheritance taxes at the death of the donor, resulting in a substantial savings to their heirs.

The foundation office's Planned-giving specialists can provide valuable information regarding such gifts and their advantages. For additional information on giving to the Los Angeles Orthopaedic Foundation to benefit Orthopaedic Hospital and yourself, please mail the enclosed coupon to our office.

It is possible to provide support for the work being done at Orthopaedic Hospital, an international leader in its specialized field and, at the same time, provide help to the thousands of orthopaedically disabled patients who benefit from the hospital's services.

FOR NEW MAIL BIDDERS

If you have never before bid by mail, an explanation is needed. Basically, the procedure is quite simple. You will notice on the enclosed Mail Bid Form a place for entering the Lot Number as well as the amount you wish to bid. After carefully reading the description of the lot in question, simply write down the lot number and the maximum amount you are willing to pay in the appropriate columns. For example, let's assume you are interested in bidding on Lot No. 145. Determine the maximum price you will pay for this lot and enter this amount on the Mail Bid Form as follows:

LOT	BID	LOT	BID
145	90.00		

You will note we have used the term "maximum amount" above. The bid which you enter is the "maximum amount" or top price you will pay for a lot (unless you have checked one of the increase boxes). However, there is always the chance you may obtain the lot for less! As indicated in our "Terms and Conditions Governing Sale," we act as your agent and execute your bids as if you were there in person at the sale. We will buy the lot for you as cheaply as possible over the next highest bid. In other words, if your bid, for example, is $90.00 on Lot No. 145, and the next highest bid, whether by mail or floor, is only $70.00, the lot would be awarded to you at $75.00, or a nominal 5% to 10% increase over the next highest bid.

Before entering your bids, please read carefully our "TERMS AND CONDITIONS GOVERNING SALE,". Bidding by mail permits the individual to participate in the auction sale just as though he were able to attend the sale in person. Many rarities are obtained through the medium of auction sales, and it can be a very exciting as well as a rewarding method of obtaining wonderful items for your collection. We look forward to your participation in our sales.

Thank you,

The Auction Department

PITCAIRN ISLAND

In the Pacific Ocean. It is roughly midway between Auckland, New Zealand, and Lima, in Peru. Discovered in 1767, it takes its name from a midshipman who first sighted it. It is peopled by descendants of the mutineers of H.M.A.V. Bounty. ⁂ Great Britain took possession of the island in 1839. ⁂
